I Wish Ferrari

Beautiful cars, amazing people and fun activities were all in full effect at the 8th Annual I Wish Ferrari. On July 15th the I Wish Ferrari Pit-Crew gave children with illness or disabilities their wish for a ride in a Ferrari sports car. Ferrari owners parked their cars at Daytona Sports Cars in Woodbridge for everyone to first stand there in awe at the sight of these incredible automobiles. Before the drivers took the children for a ride, everyone enjoyed a delicious, complimentary barbeque as well as many other different foods. Also making their way around the parking lot were two representatives from Reptilia, and with them they were carrying two reptilian friends that caught everyone's attention. As 3PM quickly approached, drivers prepared their cars for the children to ensure they had a memorable time. Guests crowded around as each Ferrari made their way out of the parking lot and onto the road. After about 45 minutes, the Ferrari's returned and both the drivers and children had huge smiles on their faces. The 8th Annual I Wish Ferrari was an unquestionable success and many cannot wait until next year's event.
