

2012 AUGUST / VOL.5 NO.6

## Car Day at Boyd Park

When it comes to producing some of the finest automobiles on the planet, Italy, and all of the engineers the country produces, is responsible for some of the most innovative, elite, and recognizable brands on the planet. To celebrate these cars while raising money for a local treasure, Italian Car Day 2012 gave car aficionados the chance to unite in support of the Safehaven Project and Community Living. And, on top of all of the vintage Ferrari, FIAT, Lamborghini, Alfa Romeo, & other Italian automobiles, the smells and tastes of Italy were also in effect at Boyd Park. What better place to stage this type of event then right in the heart of Woodbridge? Thousands of people made their way to Boyd Park on July 21st, taking part in an afternoon that has become one of the most anticipated weekend events in Vaughan. For the car buffs, walking the rows and rows of incredible machinery was enough to make their day. For the kids, the BBQ's face painting, and other activities made for a special day. Most importantly, for the organizers, taking a walk around the park gave them an indication that the work they're doing is actually making a difference in the lives of families who look to Safehaven to provide extraordinary care to children with complex medical needs. To learn more about the cause, please speed over to [www.safehaven.to/index.php](http://www.safehaven.to/index.php) for information on how you too can help!
